# 1 Basis of preparation of half-year report

These general purpose financial statements for the half-year reporting period ended 31 December 2015 have been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The historical cost basis has been used.

These half-year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2015 of Investors Central Limited.

The same accounting policies and methods of computation have generally been followed in these half-year financial statements as compared with the most recent annual financial statements.

#### (a) Segment reporting

The consolidated entity operates in one business and geographical segment, being a used automotive lending business in Australia.

#### (d) Credit quality - security held against loans

	31 December 2015	30 June 2015
Secured by mortgage over motor vehicle	\$ 49,323,890	\$ 38,069,108
Value of collateral held at fair value	34,768,420	26,500,417

The value of collateral held was determined by reference to the wholesale value of motor vehicles held as collateral at date of loan origination reduced by 22.5% for each year since loan origination to the 30 June 2013. From the 1st of July 2013 the reduction rate of collateral held was increased to 32.5%.

The company may not have sufficient security over the borrower's assets to recover the full amount of the loan and/or interest repayments payable to it under the loan. In most cases, borrowers will provide their motor vehicle as security for their loan. If a borrower fails to make their loan repayments, the company may be forced to take possession of the motor vehicle. Normally, the company would seek to immediately sell the vehicle via wholesale second hand motor vehicle markets. Often motor vehicles are sold via wholesale second hand markets at significantly less than the price at which they are sold by car dealers. In addition, motor vehicles are depreciating assets, and therefore, the value of motor vehicles will also erode over time. Accordingly, if the company is forced to take possession of the motor vehicle and sell it on wholesale motor vehicle markets, the company may receive less for the vehicle than the amount owing under the loan.

# INDEPENDENT AUDIT REPORT TO THE MEMBERS OF INVESTORS CENTRAL LIMITED AND CONTROLLED ENTITY

#### Report on the Financial Report

I have audited the accompanying financial report of Investors Central Limited and controlled entity (the consolidated entity), which comprises the consolidated balance sheet as at 31 December 2015, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year then ended, notes comprising a summary of significant accounting policies, other explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half year's end.

#### Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from misstatement, whether due to fraud or error. In Note 2, the directors also state, in accordance with Accounting Standard AASB101: Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

#### Auditor's Responsibility

My responsibility is to express an opinion on the financial report based on my audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Independence

In conducting my audit, I have complied with the independence requirements of the Corporations Act 2001. I confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Investors Central Limited, would be in the same terms if provided to the directors as at the date of this auditor's report.
